MATERIAL	CAST,CHROME
ENGINE POWER	5.5 kw
PLATFORM	yes
CONTROL PANEL	yes
CAPASİTE	20 m <sup>3</sup>

## FERTİLİZER PUMP SYSTEM

TYPE	PLUNGE PUMP
MATERIAL	CAST BODY
ENGINE POWER	5-7.5-11-15 kw
PLATFORM	YES
CONTROL PANEL	YES
CAPASITE	120 TONS / PER HOUR

Koçaksan fertilizer pump have been designed to pump the manure. It's hard for producers to pumping the manure. This fertilizer pump system is preferred specailly above gathering pool to getting easy to pump manure with least power and labour force. Fertilizer pump can be designed according to pool depth. It can be setup the in the pool wall vertically

## > SUBMIRSIBLE MANURE MIXER

“ Koçaksan submersible mixer have been produced to mix manure. Mixer is being produced with two wing to mix the manure least time. Koçaksan manure mixer have been covered special paint and protecting layer. This mixer can be easily move up-down side easyli thanks to its lifter.

”

TYPE	SUBMIRSIBLE MIXER
MATERIAL	CASTIN BODY
ENGINE POWER	11 - 15 kw
PLATFORM	YES
CONTROL PANEL	YES
CAPASITE	5000 - 6500 m <sup>3</sup>

**SUBMISIRBLE MIXER  
WITH PIPE**

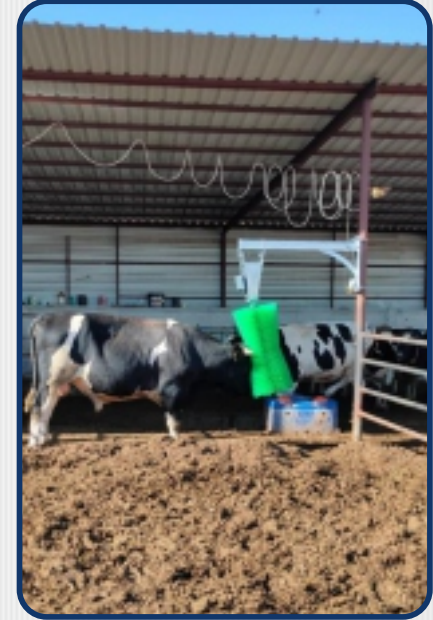

TYPE	PIPED SYSTEM
MATERIAL	CORROSION RESISTANT / GALVANIZED
ENGINE POWER	7,5 - 11 kw
PLATFORM	NO
CONTROL PANEL	YES
CAPASITE	5000 - 6500 m³

Koçaksan mixer is being produced with two or three wing. Wing shape and angle has been designed to mix in the least time. It's covered with special protecting paint and layer to corrosion.

## > SWINGING COW BRUSH
